

# NO BORDER CAMP

MÜNSTER  
JULY 15 - 24  
2016

## Call for Activities

From July 15th to 25th we set up our tents in Münster!

The No Border Camp shall create space for discussions, planning and networking. Let's work together to develop alternatives of solidarity. Let's start to live them instead of remaining only dreaming of a better world and just criticizing the existing one!

Refugees and people in solidarity will find in the camp a place for exchange, creativity and the possibility to share ones knowledge, skills and experience with each other.

The camp will take place in a self-organized, anti-hierarchical and consensual way. Therefore we need you and your ideas! Whether you have a workshop on sustainable activism in mind, a documentary about the situation at the borders, or a language course (all languages welcome) - all kinds of activities which allow us to learn from and with each other are welcome!

So if you have ideas for workshops, talks, activities or whatever - brilliant! Let us know about it!

We remain:

Pack your bag with good friends, smart contacts, ideas, sparkling enthusiasm, camping equipment, burning hearts and:

Yalla - Let's camp!
